

How good a journalist are you?

Family Activity

reach

Write a short review of your day out in the outdoors.

You might think about what people who read the reviews want to hear about. For example, they might want to know where the toilets are, if there is a cafe, where they can buy a map from, the best walking route to follow, your favourite thing about the place, what you liked the least etc.

Write your review in this table.

In this outdoor space you will find...

I enjoyed my day out because...

I really liked...

I didn't really like...

If you send your reviews to info@thinklearnchallenge.com, we will pass these onto Bridgend County so that they can be used on their interactive map in the next few months.
